

The First Presbyterian Church Bergstrom Grant Committee

GUIDELINES COVERING DISTRIBUTION

Thank you for contacting the Bergstrom Committee at First Presbyterian Church of Neenah concerning a possible grant for your project. Please read the application carefully and use the format/guidelines for your proposal.

When applying for a grant, please note the following:

Application deadline date is March 29, 2025.

Creative Purpose

The fund is designed to make programs possible, that would not be possible under the normal budget of a church or organization. The funds are, however, not to be used in any way to relieve the congregation of normal operating expenses.

Annual vs. Permanent Grants

Under the principles of distribution of income adopted by the Session on August 10, 1959, grants may be made to the same recipient in successive years, but no commitment may be made for more than one year at a time. Thus each grant must be considered each year.

- (1) The immediate “purpose of the church” is the furthering of God’s Kingdom in our local church, in our community, in our state, nation, and world. It would seem, therefore, that projects should fit under this principle.
- (2) The “purpose of the church” nationally and throughout the world is being achieved primarily through the councils and agencies of the General Assembly. Under each of these councils there is always the need for support in the general work and special projects of a temporary or experimental nature. While the above will ever constitute areas of interest and concern to the church, it would be our normal purpose to make designated gifts for specific purposes and clearly defined objectives wherever possible, rather than undesignated gifts toward general denominational programs.
- (3) Projects relative to the life of the local church not in the budget may be launched by a grant, but ordinarily shall not be financed beyond the year of their inception.
- (4) Grants shall not be so established as to encourage recipients to presume they have a right or legitimate expectation to be aided regularly. Nor shall any commitment be made for more than one year, although this would not preclude cumulative grants representing apportionments voted in two or more successive years.
- (5) Grants to capital fund drives shall be examined very closely as they are always with us and would rapidly deplete our resources and preclude more creative use of the funds.

Any questions on completing the grant application should be directed to the Bergstrom Committee through the church.

Thank you for your interest.
